

NÜÜD

FOR iPad MINI 3

LIFEPROOF

INTRODUCING

LIFEPROOF NÜÜD FOR iPad MINI 3

At home, in the office, on vacation — wherever you take your iPad mini 3, LifeProof nüüd makes sure your tablet returns intact. Waterproof and drop proof, nüüd gives you the freedom to use your iPad mini where you want and how you want — without giving its survival a second thought.

SCREENLESS TECHNOLOGY

nüüd screenless technology lets you touch your iPad mini's actual touchscreen. Using integrated gaskets, nüüd forms a waterproof seal around the edge of the touchscreen — opening that vivid Retina display to your direct touch — while your tablet stays waterproof, shockproof, snow proof and dirt proof.

ROAM FREE

nüüd lets you take iPad mini off the couch and into the action. Capture video from the deep end of the pool. Check recipes while you prepare a feast. Chart the stars on your camping getaway. With nüüd, your tablet becomes an integrated part of everyday life, no matter where everyday life leads you.

ENGINEERED FOR EXTREMES

nüüd is made to be fearless. It braves water, dirt, snow and drops without a lick of intimidation. And with its form-fitting design, nüüd delivers this extreme protection while preserving your iPad mini's mini size.

ZERO COMPROMISE

Inside nüüd, your iPad mini 3 remains fully functional. Unlock your tablet with Touch ID. FaceTime friends using the cameras and microphones. Bump your beats through the built-in speakers. Hush your movie with the volume control buttons. Everything you love about your iPad mini stays the same — and safe.

ONE CASE. FOUR PROOFS.

WATERPROOF | Dive deeper | Submersible to 6.6 feet / 2 meters for 1 hour

This protection goes deeper than accidental spills and splashes.
Your iPad mini 3 is safe in, on and under the water.

DIRT PROOF | Live freer | Sealed from dirt + dust

The outstanding water protection also blocks dust and dirt.
Use iPad mini on the job, in the field, at the beach — anywhere.

SNOW PROOF | Go further | Closed to snow + ice

nüüd keeps water and dirt out, so it's perfect for blocking snow and ice.
Take iPad mini into the wilds of winter without worry.

SHOCK PROOF | Play harder | Survives drops from 4 feet / 1.2 meters

Drops are the No. 1 cause of iPad mini damage. nüüd meets military drop specs to help your mini survive this most common cause of damage.

Dimensions: 8.5" x 5.8" x 0.63"
Weight: 4.64 oz. **MSRP:** \$119.99

LAB TESTED

WATER TEST

All cases are factory water tested. Then random units undergo additional independent inspection, including a second water test. Cases that pass are shipped. Failures are scrapped.

MIL STD 810G-516.6

The U.S. Military Standard for drop and shock protection. It requires that LifeProof cases physically withstand the drops, fumbles, vibrations and bumps you encounter day to day.

IP-68

The international standard for Ingress Protection (IP). 6 and 8 are the highest ratings for solids and liquids. Cases rated to the IP-68 standard keep dust, dirt and water out.

UNLEASH THE REMARKABLE

Action and adventure are primal urges. And to satisfy them, you need to go places, do things, take chances and be free. You need to feel your heart pounding in your chest and the icy rush of adrenaline in your veins.

Sharing your taste for adventure, LifeProof makes products that let you live life with no limits. Keeping your device protected and you connected, LifeProof is the freedom to unleash your remarkable.
