## GALAXY-EXPANDING PROTECTION

Slim, sleek and refined, frē highlights the smooth, gentle curves that users love about their Galaxy S4. Yet, it delivers levels of protection and functionality not found in any other all-protective case.

Along with the slim profile, frē features a barely-there screen protector, optical-glass lens and enhanced speaker ports. Those features plus LifeProof's four-proof protection take Galaxy S4 where no Galaxy's gone before.

- The most functional, all-protective Galaxy S4 case available
- Designed to work seamlessly with Galaxy S4
- Enables use everywhere, everyday for everything

## FEATURES

- Design:**  
The thinnest, lightest, most protective case ever made for Galaxy S4
- Function:**  
Full screen protection and complete access to every button, control and port
- Style:**  
Clear case back shows off Galaxy S4's vibrant colors
- Profile:**  
Slim, sleek case follows Galaxy S4's smooth, gentle curves
- Jack:**  
Galaxy stays waterproof even when using headphones
- Acoustics:**  
Dynamically engineered speaker ports deliver maximum sound output and clarity
- Optics:**  
Anti-reflective optical-glass lens ensures distortion-free photography

## LAB TESTED

Tested to meet strict specifications — and to exceed your expectations

**MIL STD 810-516**  
This US Military Standard addresses the functional drop. It requires that an item can physically withstand the relatively infrequent, non-repetitive shocks encountered during handling and transportation.

Survives the drops, vibrations and bumps users encounter day to day.

**Water Test**  
All cases are factory water tested. Then an independent lab conducts additional testing, including a second water test on randomly selected cases. Cases that pass are shipped. Cases that fail are scrapped.

Ensures every case is leak free while instilling maximum consumer confidence.

**IP-68**  
The international standard for Ingress Protection (IP). 6 is the highest rating for solids. 8 is the highest for liquids. IP-68 rated cases withstand circulating talc for 8 hours and water immersion to 2m for 1 hour.

Designed and tested to keep water, dirt, dust and snow out.

## SPECS

**DIMENSIONS** 5.827" x 3.193" x 0.598" / 148 mm x 81.1 mm x 15.2 mm  
**WEIGHT** 1.6 oz / 46 g  
**MSRP** \$79.99

## ONE CASE. FOUR PROOFS.

### **WATER PROOF**

Fully submersible to 6.6 feet / 2m for up to 1 hour  
This level of water protection goes beyond accidental spills, splashes and surprise weather. Users can take their Galaxy swimming, surfing and rafting. They can shoot underwater videos. Listen to music in the shower. Read in the tub. And simply wash it off in the sink.

See IP-68 under Lab Tested

### **DIRT PROOF**

Totally sealed from dirt and minute dust particles  
LifeProof's water protection standards also block dust and dirt. Users can take their device hiking, camping, hunting and shopping. They can use it on the job, on the field or on the beach. Dirt, dust, sand, grit and mud stay out, keeping the Galaxy S4 up and running.

See IP-68 under Lab Tested

### **SHOCK PROOF**

Survives drops from up to 6 feet / 1.8m  
Drops are the number-one cause of device damage. It slips from the user's hand, falls off their lap, drops from the car roof or gets knocked off the table. LifeProof frē is built to military specifications for drop protection — safeguarding Galaxy S4 from the most common mishaps.

See MIL STD 810F-516 under Lab Tested

### **SNOW PROOF**

Completely closed to sleet, snow and ice  
Since frē has no problem keeping water and dirt out, it's perfect for protecting Galaxy S4 from melting snow, ice and sleet. Traditional cases can actually wick water from melting snow, drenching the device inside. With frē, users can ski, snowboard, skate and sled without worry.
