nüüd Galaxy SIII
REVIEWER'S GUIDE

nüüd FOR GALAXY S III

LifeProof nüüd for Galaxy SIII is the next big thing for the next big thing. Like all LifeProof cases, nüüd protects Galaxy SIII from accidental drops, dirt, splashes and even complete submersion.

nüüd for Galaxy SIII then takes protection and usability to new levels with the most advanced case design available.

By removing the screen cover, nüüd gives users full access to Galaxy's actual touchscreen. This level of protection and interaction is unmatched by any all-protective case on the market. nüüd technology plus four-proof protection equips Galaxy SIII for out-of-this-world mobility.

YOU CAN TOUCH
THE ACTUAL SCREEN

nüüd SCREENLESS TECHNOLOGY

Employing a system of integrated gaskets and seals, nüüd technology forms a waterproof seal around the phone's screen perimeter. Sealing to the actual touchscreen keeps the case and phone completely waterproof, without the need for a screen cover.

The 'Gorilla Glass' used for Galaxy SIII's touchscreen is incredibly tough. And like all glass, it's waterproof. nüüd technology utilizes these properties rather than covering them. Like a windshield seals to a car's frame, the touchscreen seals to the case. Together, glass and seal stop water and debris from entering, keeping the inside safe and dry.

- Zero visual interference — eliminates glare, rainbows, loss of contrast and saturation
- User can touch Galaxy's actual screen
- Galaxy SIII remains completely waterproof + drop proof
- Uninterrupted touch response

WATERPROOF SEAL

FEATURES

Design

The thinnest, lightest all-protective case ever made for Galaxy SIII

Function

Complete access to touchscreen, along with every function, button, control and port

Aesthetics

Clear case back shows off Galaxy SIII's natural colors

Profile

Slim, sleek case stays true to Galaxy SIII's thin profile and precision lines

Acoustics

LifeProof's Sound Enhancement System channels sound through the case back into the speaker ports for maximum acoustic output and clarity

Optics

LifeProof's CrystalClear anti-reflective optical-glass lens ensures distortion-free photography

Materials

Crafted using advanced materials and processes for optimal protection, durability and style

LAB TESTED

Every case is tested to meet these specifications — and to exceed expectations

MIL STD 810F-516

Military Standard 810F-516 is the U.S. Military Standard that addresses the functional drop. This standard requires that a tested item can physically and functionally withstand the relatively infrequent, non-repetitive shocks encountered in handling, transportation and service environments.

Essentially, nüüd shields Galaxy SIII from the drops, vibrations, bumps and fumbles users encounter day to day.

Water Test

Every LifeProof case is water tested at the factory. Then, they're sent to an independent agency for additional testing, including a second water test on randomly selected units. Only after passing these tests is a unit shipped. Cases that fail are scrapped.

LifeProof takes this extra step to instill maximum consumer confidence and to ensure that every case is leak free.

IP-68

IP-68 is the international standard for water and dust ingress protection. IP stands for Ingress Protection. 6 is the highest rating for solid particles. 8 is the highest rating for liquids. IP-68 rated enclosures can withstand circulating talcum powder for 8 hours, and water immersion to 6.6 feet/2m for 1 hour.

This means the Galaxy SIII survives water submersion to 6.6 feet/2m for one hour, plus exposure to dirt, dust and snow without worry.

SPECS

DIMENSIONS 5.88" x 3.2" x 0.63" / 148.5 mm x 81 mm x 15.6 mm

WEIGHT 1.6 oz / 46 g

MSRP \$89.99

ONE CASE. FOUR PROOFS.

WATER PROOF

Fully submersible to 6.6 feet / 2m for up to 1 hour
This level of waterproof protection goes beyond accidental spills, splashes and surprise weather. Users can take their Galaxy SIII swimming, surfing and rafting. They can shoot underwater videos. Listen to music in the shower. Read in the tub. And, simply wash it off in the sink when it gets dirty.
For more details see IP-68 under Lab Tested.

DIRT PROOF

Totally sealed from dirt and minute dust particles
The same standards for water protection also seal Galaxy SIII from dust, dirt and sand. Users can take their device hiking, biking, hunting and fishing. They can use it on the job, on the field or on the beach. Dirt, dust, sand, grit and mud stay out, while Galaxy SIII stays up and running.
For more details see IP-68 under Lab Tested.

SHOCK PROOF

Survives drops from up to 6.6 feet / 2m
The number-one reported cause of wireless device destruction is dropping. It slips out of the user's hand, falls off their lap, drops from the car roof or gets knocked from the table. LifeProof nüüd is built to stringent military specifications for drop protection, safeguarding Galaxy SIII from the most common mishaps.
For more details see MIL STD 810F-516 under Lab Tested.

SNOW PROOF

Completely closed to sleet, snow and melting ice
Since nüüd has no problem keeping water and dirt out, it's perfect for protecting Galaxy SIII from melting snow, ice and sleet. Traditional cases can actually wick water from melting snow, drenching the device inside. With nüüd, users can ski, snowboard, skate and sled without worry.
For more details see IP-68 under Lab Tested.

LIFEPROOF LINEUP

nüüd for iPhone 5

Everything LifeProof is built on — sleek style, full device function, uncompromising design, and of course, the Four Proofs — is built into the iPhone 5 case. And, the nüüd technology takes usability to all new levels.

\$79.99

frē for iPhone 5

The thinnest, lightest, all-protective case available for iPhone 5. Featuring a built-in screen cover and waterproof, dirt-proof, snow-proof and drop-proof protection, frē lets users take iPhone 5 everywhere, everyday for everything.

\$99.99

nüüd for iPad 2|3|4

The original nüüd case, nüüd for iPad 2|3|4 redefined device protection. Four-proof protection + nüüd technology let's users enjoy their iPad as Apple intended, in ways and places never before possible.

\$129.99

frē for iPad mini

LifeProof frē defends iPad mini from dunks, drops and day-to-day dangers in a case that's barely there. In fact, this case is so slim and sleek, users won't even notice it's there — until they're glad it is.

\$99.99

LIFEPROOF, LET'S GO!

LifeProof tablet and smartphone cases are just that — life proof. Designed to deliver protection, style and functionality, LifeProof gives users the freedom to enjoy their mobile device everyday, everywhere, for everything — without worry.

LifeProof continues to innovate and introduce technologies like nüüd and four-proof protection in their mission to keep mobile devices protected and consumers connected in all situations.
